

August 2011

Construction Works on The Common, Kenilworth

Important Notice

Warwickshire County Council's contractors are starting work to construct and surface the shared Cycleway/Footpath across The Common.

The route goes from the access at Lower Ladyes Hills, along the path adjacent to Finham Brook, and turning up alongside the railway fencing until it accesses the Rail Track land. See attached plan.

Access will be kept open whenever possible. However, short sections of the path will have to be closed for a few hours at a time. Please respect the contractors and follow their instructions / signage whilst the work is being carried out.

We are sorry for any inconvenience. The work is intended to be completed by the end of September 2011.

If you require any further information regarding these works please call Teresa Llewellyn on 01926 736494 or email connect2@warwickshire.gov.uk.
